AROMA RETAIL®

Scent your space!

The safe & affordable way
to scent your home or business.

Scent Machines

Scent Machine - Room

Simple. Safe. Smart. This pioneering device is the only innovation on the market that allows you to deploy pure grade fragrance oil in every room from one point of control. Manage multiple units via the Aroma Retail app to experience a different fragrance in each room or the same fragrance evenly throughout the building. Each device quietly scents up to 800 square feet of space from any 110-volt outlet. Enter schedules and levels of intensity from the app, or just plug it in and it will scent for 12 hours per day, every day, until directed otherwise via the app.

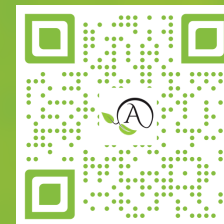

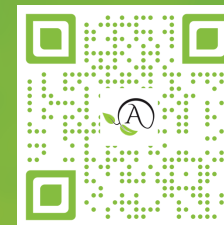

Scent Machine - 101 Smart

This Scent Machine is the ultimate scenting solution for both whole-home & whole-business aromatics; it is the standard single solution for scenting up to 2,000 square feet. Mechanically proven over many years, we have upgraded this best-seller with wi-fi connectivity to run from our Aroma Retail app, or still be fully controlled from the machine.

Use the Aroma Retail app to set up, control, and order refills for your machine.

Scent Machine - Travel

Made for single offices, restrooms, conference rooms, breakrooms, or as a portable solution. Internal rechargeable battery can last days depending on settings. USB power cord is included.

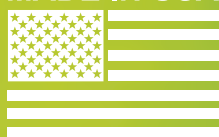

Scent Machine - Professional

For any space, use as a free-standing diffuser or connected to your venti-lation system, get coverage up to 15,000 square feet with settings going from very low and delicate for smaller spaces to high volume intensity for larger spaces. HVAC connection adapter and tube are included. No need for permits - this is considered an appliance and plugs into a standard outlet.

MADE IN USA

US & Globally Sourced

Fragrance Oil Refills

Our pure grade fragrance oils come in a variety of refill sizes to fit our scent machines, with larger sizes discounted for volume. Subscribe for added convenience and additional discounts.

Mix and Match Gift Set

Treat yourself to the perfect gift with this set of 3 hand-poured products packaged in a display gift box. Select any combination of fragrance and product: Room Spray for a quick powerful spritz, Reed Diffuser for the desk or nightstand, and Candle for a cozy ambient glow.

Linen Spray

Our proprietary blend of pet-safe Linen Spray is washable for everyday fabrics with long-lasting scent as an air freshener. Made with all natural and pure ingredients, while keeping the harmful stuff like phthalates, parabens, allergens, and volatile organic compounds out. For use in the house, in the office, in the car, and wherever else you want to enjoy it. Available in 16oz spray bottle and gallon refill.

Wax Melter / Candle Warmer

Our branded Wax Melter / Candle Warmer is larger than normal with a 4" diameter heating surface, allowing for a larger dish to melt wax bars in. This larger surface also allows you to warm full-sized candles by removing the dish and placing the candle directly on the heated surface.

Try Before You Buy!

Get a sniff of the fragrance to confirm that it is the right one, or explore our Blotter Packs by category. Take the Fragrance Test (link in the header of AromaRetail.com) or call/email us for help selecting your perfect scent.
